

► Company profile

The objectives of our business include research and development, manufacture and sale of industrial fasteners, as well as acquisition and management of industrial property rights. Our main products are gypsum board anchors, heavy-duty hollow wall anchors, blind anchors, threaded bolt anchoring systems, inserts for deck plates and a variety of special nuts. We have also made considerable achievements in joint development projects with construction material manufacturers, and are supplying OEM products. If you have any requests or questions concerning fasteners, please feel free to contact us.

► Our main products

Sliding Slip-on Nut

90 degree turn Speed Nut

Quick, Convenient. A Strong Speed Looking Nut. Slide the upper portion of the nut or turn 90 degree, it hold tight. These nuts can be placed in the middle of the bolt or rod in a second. Eliminates the needs for threading. Also anti-vibratory.

Security Nut

SIGTEC Security Nut - Tamperproof, but removable with the use of a special tool.

Security Bolt

SIGTEC Security Bolt - Tamperproof, but removable with the use of a special tool.

Clamp Nut

Can be positioned anywhere on the threaded rod in no time! Cost and time saving. Size M6.W1/4 up to M16.W5/8 available.(PATPEND)
